CRYSTAL STUDIES, COMPREHENSIVE INSURANCE FOR STUDYING ABROAD!

Crystal Studies is an insurance solution designed for students and schoolchildren living abroad for up to a year for the purposes of travel, language training, au pair placements, internships or studies. You will be studying abroad for more than 12 months? Check out **Expat Student**, our insurance solution especially designed for studies of 12 months and more worldwide!

WHY TAKE OUT INTERNATIONAL INSURANCE?

The cost of healthcare abroad varies greatly from one country to another and can be very expensive. Often, the insurance cover you are entitled to at home is not valid abroad so, if you have health problems and need treatment, you have to pay the costs yourself.

Faced with medical expenses?

Emergency hospitalisation? Doctor's appointment?

Crystal Studies covers you for both regular and unexpected medical expenses from the 1st euro you spend. There is no excess to pay and we can arrange for your hospital bills to be settled directly. This means you have nothing to pay to the hospital. We'll take care of it!

Need assistance during your trip?

Involved in an accident and need to be repatriated straight away? Hospitalised and awaiting the arrival of a relative?

APRIL International will organise your repatriation, 24/7, to your home or to the most suitable hospital. We also cover the transport and accommodation costs of a relative coming to stay with you.

What if you are responsible for damage to others?

Did you accidentally damage the equipment you were using during your internship?

APRIL International covers you for damage caused to a third party in a private capacity or during your internship.

HOW CAN WE HELP YOU?

At the end of your study year in Canada, you decide to take some time out to explore the Rocky Mountains. As you make the final descent, you slip on damp ground, break your leg and suffer extensive bruising.

> With Crystal Studies, you will be flown by emergency helicopter to the nearest hospital and, if you need to stay longer in hospital, we will arrange for a family member to be with you.

You've just arrived in Germany for an exchange year and are a bit lost with all the paperwork waiting for you.

> You call the APRIL International legal and administrative hotline; our consultants will tell you all you need to know about opening a bank account in Germany, getting a work permit, understanding the rental agreement for your apartment and assisting you with your visa application etc.

You're going to work as an au pair in France. Everything goes perfectly to plan, you are warmly welcomed by the family and the two children are making good progress thanks to your English lessons. A few weeks after, you trip and accidentally knock over a very old and expensive piece of sculpture.

> With your personal liability cover, your host family will receive compensation to replace the sculpture and you can continue your stay under the best possible conditions!

On an internship in Brazil your backpack gets stolen during a visit to Rio. Everything is gone: your laptop, camera and, most importantly, your passport and wallet.

> APRIL International will advise on how to get your documents replaced and offer you a cash advance until you get a new bank card. You will also receive compensation for your stolen belongings.

HEALTHCARE COSTS ABROAD

Healthcare costs vary greatly from one country to another and can sometimes produce nasty surprises. With Crystal Studies, both your health and your budget are protected.

I accept that the reimbursement of or compensation for expenses incurred as a result of illness, maternity or an accident cannot exceed the amounts which were invoiced to me. I understand that APRIL International Expat requires me to declare any similar insurance cover which I may have purchased from other insurers.
